tar.xz instead of the full .pyd file, which you can get by opening the Scirra Installer, opening the profile for your license, and selecting the file tab to download the file. Bugs & Contributing ==================== As well as being a bug fix, a contributing factor to a project can be to provide new features. In Scirra, every contribution gets us closer to a complete game engine. So as we grow, we want to continue to develop the best possible framework for a game developer. So as we grow, we want to continue to develop the best possible framework for a game developer. We want to build the best tool to help you create your game. So we also want to continue to build and improve the documentation and community. If you find a bug in Scirra, or want to contribute new features, please let us know. The best way to contact us is via the GitHub issues tracker. We are always looking for suggestions and contributions to our documentation and community. Additionally, you can [submit a ticket]( But if you want to get in touch, we have an [IRC chat room]( for general discussion and support. It is available from any time of day or night (Monday to Saturday). 82157476af
